Keeping Scientology Working Series 1

Note: Neglect of this PL has caused great hardship on staffs, has cost countless millions and made it necessary in 1970 to engage in an all-out, international effort to restore basic Scientology over the world. Within 5 years after the issue of this PL, with me off the lines, violation had almost destroyed orgs. "Quickie grades" entered in and denied gain to tens of thousands of cases. Therefore actions which neglect or violate this policy letter are HIGH CRIMES resulting in Comm Evs on ADMINISTRATORS and EXECUTIVES. It is not "entirely a tech matter," as its neglect destroys orgs and caused a 2-year slump. IT IS THE BUSINESS OF EVERY STAFF MEMBER to enforce it.

SPECIAL MESSAGE

THE FOLLOWING POLICY LETTER MEANS WHAT IT SAYS.

IT WAS TRUE IN 1965 WHEN I WROTE IT. IT WAS TRUE IN 1970 WHEN I HAD IT REISSUED. I AM REISSUING IT NOW, IN 1980, TO AVOID AGAIN SLIPPING BACK INTO A PERIOD OF OMITTED AND QUICKIED FUNDAMENTAL GRADE CHART ACTIONS ON CASES, THEREBY DENYING GAINS AND THREATENING THE VIABILITY OF SCIENTOLOGY AND OF ORGS. SCIENTOLOGY WILL KEEP WORKING ONLY AS LONG AS YOU DO YOUR PART TO KEEP IT WORKING BY APPLYING THIS POLICY LETTER.

WHAT I SAY IN THESE PAGES HAS ALWAYS BEEN TRUE, IT HOLDS TRUE TODAY, IT WILL STILL HOLD TRUE IN THE YEAR 2000 AND IT WILL CONTINUE TO HOLD TRUE FROM THERE ON OUT.

NO MATTER WHERE YOU ARE IN SCIENTOLOGY, ON STAFF OR NOT, THIS POLICY LETTER HAS SOMETHING TO DO WITH YOU.

ALL LEVELS

KEEPING SCIENTOLOGY WORKING

HCO Sec or Communicator hat check
on all personnel and all new personnel
as taken on.

We have some time since passed the point of achieving uniformly workable technology.

Therefore the road before Scientology is clear and its ultimate success is assured *if* the technology is applied.

So it is the task of the Assoc or Org Sec, the HCO Sec, the Case Supervisor, the D of P, the D of T and all staff members to get the correct technology applied.

Getting the correct technology applied consists of:

One: Having the correct technology.

Two: Knowing the technology.

Three: Knowing it is correct.

Four: Teaching correctly the correct technology.

Five: Applying the technology.

Six: Seeing that the technology is correctly applied.

Seven: Hammering out of existence incorrect technology.

Eight: Knocking out incorrect applications.

Nine: Closing the door on any possibility of incorrect technology.

Ten: Closing the door on incorrect application.

On the other hand there have been thousands and thousands of suggestions and writings which, if accepted and acted upon, would have resulted in the complete destruction of all our work as well as the sanity of pcs. So I know what a group of people will do and how insane they will go in accepting unworkable "technology." By actual record the percentages are about twenty to 100,000 that a group of human beings will dream up bad technology to destroy good technology. As we could have gotten along without suggestions, then, we had better steel ourselves to continue to do so now that we have made it. This point will, of course, be attacked as "unpopular," "egotistical" and "undemocratic." It very well may be. But it is also a survival point. And I don't see that popular measures, self-abnegation and democracy have done anything for man but push him further into the mud. Currently, popularity endorses degraded novels, self-abnegation has filled the Southeast Asian jungles with stone idols and corpses, and democracy has given us inflation and income tax.

We will not speculate here on why this was so or how I came to rise above the bank. We are dealing only in facts and the above is a fact—the group left to its own devices would not have evolved Scientology but with wild dramatizations of the bank called “new ideas” would have wiped it out. Supporting this is the fact that man has never before evolved workable mental technology and emphasizing it is the vicious technology he *did* evolve—psychiatry, psychology, surgery, shock treatment, whips, duress, punishment, etc., ad infinitum.

So realize that we have climbed out of the mud by whatever good luck and good sense, and *refuse* to sink back into it again. See that Seven, Eight, Nine and Ten above are ruthlessly followed and we will never be stopped. Relax them, get reasonable about it and we will perish.

The common denominator of a group is the reactive bank. Thetans without banks have different responses. They only have their banks in common. They agree then only on bank principles. Person to person the bank is identical. So constructive ideas are *individual* and seldom get broad agreement in a human group. An individual must rise *above* an avid craving for agreement from a humanoid group to get anything decent done. The bank-agreement has been what has made Earth a hell—and if you were looking for hell and found Earth, it would certainly serve. War, famine, agony and disease has been the lot of man. Right now the great governments of Earth have developed the means of frying every man, woman and child on the planet. That is bank. That is the result of Collective-Thought Agreement. The decent, pleasant things on this planet come from *individual* actions and ideas that have somehow gotten by the Group Idea. For that matter, look how we ourselves are attacked by “public opinion” media. Yet there is no more ethical group on this planet than ourselves.

When somebody enrolls, consider he or she has joined up for the duration of the universe—never permit an “open-minded” approach. If they’re going to quit let them quit fast. If they enrolled, they’re aboard; and if they’re aboard, they’re here on the same terms as the rest of us—win or die in the attempt. Never let

them be half-minded about being Scientologists. The finest organizations in history have been tough, dedicated organizations. Not one namby-pamby bunch of pantywaist dilettantes have ever made anything. It's a tough universe. The social veneer makes it seem mild. But only the tigers survive—and even *they* have a hard time. We'll survive because we are tough and are dedicated. When we *do* instruct somebody properly, he becomes more and more tiger. When we instruct half-mindedly and are afraid to offend, scared to enforce, we don't make students into good Scientologists and that lets everybody down. When Mrs. Pattycake comes to us to be taught, turn that wandering doubt in her eye into a fixed, dedicated glare and she'll win and we'll all win. Humor her and we all die a little. The proper instruction attitude is, "You're here so you're a Scientologist. Now we're going to make you into an expert auditor no matter what happens. We'd rather have you dead than incapable."

We're not playing some minor game in Scientology. It isn't cute or something to do for lack of something better.

The whole agonized future of this planet, every man, woman and child on it, and your own destiny for the next endless trillions of years depend on what you do here and now with and in Scientology.

This is a deadly serious activity. And if we miss getting out of the trap now, we may never again have another chance.

Remember, this is our first chance to do so in all the endless trillions of years of the past. Don't muff it now because it seems unpleasant or unsocial to do Seven, Eight, Nine and Ten.

Do them and we'll win.
